

IMPORTANT: Before you show up, purchase or start to build one of these beauties it is highly advised that you contact your division leader!

You wouldn't want to build a car that is too powerful for this division and show up only to be rejected. It's a Hobby Class, for fun!

Hobby Class Rules for Cars:

1. Division directors reserve the right to determine if your car and your attitude is a good fit for this divisions purpose.
2. 1970 or earlier car body.
 - a. NO Fiberglass bodies.

20. No rack or race type steering.
21. Must have a working fire extinguisher with gauge showing in green. 5lb minimum.
22. All Hobby cars must be inspected before entering the track, even for practice.

Please consider this... Make an effort to fulfill your commitment to your division. If you fail to fulfill your commitment it leaves the rest of the division hanging and could even result in the cancellation of the Hobby Race because of lack of cars.

If you make a commitment to race at one or all of the events but something prohibits you from attending, you must call and communicate this to your division leader ASAP!
